

SC517/WH/MULTI/G3/EN

Surface Contact

- 4 Terminals
- Microswitch tamper
- Selectable end of line resistor
 - Can use own resistors
 - Available in White or Brown
 - Can be fitted in double pole
- Can be used on double door configuration
 - Magnetic Detection

Connections	4 Terminals	Switching Current	500mA @ 12Vdc
Reed Switches	2	Contact Material	Rhodium
Pull-in Gap	19mm (X) 10mm (Y)	Temperature Range	-15° C to +40° C
Material	High Impact Polystyrene	Tamper	Microswitch
Contact Size mm	65 x 13 x 13	Colours	White/Brown
Magnet Size mm	65 x 11 x 13	Magnetic Interference Detection	Yes
Contact Form	SPST form A	Standards	EN50131-2-6 Grade 3
Voltage Range	12v DC	Environmental Class	II
